Liberty Group Ltd – an Authorised Financial Services Provider in terms of the FAIS Act (Licence No. 2409).

A hospital patient's focus should be on getting better, not on how he or she will pay for their medical bills, when there is a shortfall.

The difference between what medical schemes cover and what private practitioners charge can amount to unexpected excesses worth tens of thousands of Rands. This can put hospital patients seriously out of pocket. Besides taking care of the unforeseen financial implications of hospitalisation, Liberty Gap Cover helps patients focus on what matters most: getting back on their feet.

Liberty Gap Cover options

Liberty Gap Cover, which pays for the difference between what medical schemes cover and what patients are charged, offers both Essential Gap Cover and Universal Gap Cover.
